Revelation

God has called us to reach our community for Jesus, right?

As we engage our community:

I. We need to know what is historically accurate.

A. Some believe Luke's account is unreliable.

B. There was faith in Jesus before some of this physical evidence had been unearthed.

II. Remember your God encounters.

A. The shepherds encountered Jesus and angels.

B. Such encounters are followed by:

- Pressing into what just blew your mind.
- The enemy causing you to question.

C. The beauty of personal experience: it is mine.

D. Life experiences increase courage to share.

III. Ask God to highlight who you need to engage.

A. “All who heard it wondered...”

- They were not ashamed to tell the story.
- Not everyone heard it.
- It wasn't their job to convince.

B. Our encounters are personal faith builders.

C. God uses us to share and introduce the next person to the Good News of Jesus.

If you know Jesus, you have a story to tell.

1. How have you encountered Jesus?

2. Who has God highlighted to you that needs to hear the story of your God encounters?
