Revelation

How do we participate in preparing room for Jesus in the world?

I. Does the Holy Spirit work beyond what is familiar ?

A. The Christmas story is full of examples.

B. This can mess with your head.

C. These Wise Men followed a star.
Seriously ?

II. If the Holy Spirit works beyond what is familiar to us how will we know if it is of God? Will it always be in ways consistent with scripture?

A. One of the most important reasons to know Scripture is to be able to discern.

B. Herod: "If it is true what can you tell me?"

C. Can we trust ongoing revelation?

D. God has the capacity to reveal from any source He chooses and God has more resources than we are familiar with.

III. Is the price of giving Jesus His rightful place ever too high?

A. From a human perspective it can feel like yes.

B. Having access to the truth and even being perceived as the caretakers of Scriptures does not make you a guardian of the truth.

C. Never confuse the level of authority you walk in, with the level of authority you encounter.

D. Failing to count the cost of disobedience cost these Jewish leaders what they could have had.

Warning: When supernatural authority comes up against natural authority, choose your side carefully.

Invitation: To participate in reaching the world for Jesus. To do that See ... Test ... Count ...
