Paul understood their dilemma but the
question goes deeper.

I. There is a difference between knowing and KNOWING.

I Corinthians 8:1-3

A. Animals were sacrificed to pagan gods.

B. The substance of arguments hasn't changed.

C. Knowledge puffs up. Love builds up.

D. Godly Wisdom is KNOWING.

II. There is a relationship between the natural and supernatural. I Corinthians 8:4-6

A. Physical statues have no power.

B. Demonic forces do.

C. Demonic forces take advantage of our beliefs.

If there is any doubt, destroy it.

III. There is a way to be in sync with the heartbeat of God.

I Corinthians 8:7-13

A. There is a However.

B. A theme consistent in Romans 14.

C. When you claim to be family but care more about your rights than you do the health of a brother or sister in Christ, you don't love them.

D. Do not participate in a pagan practice.

The question here is not about
what you are free to do.

What matters most is if your
heartbeat is synced with the
heartbeat of God.

When it is synced, that is FREEDOM.
