## The Big Point:

- Keep nurturing your relationship with **God**.
- Keep nurturing your relationship with **people**.

- I. Invest in relationships with others.
  - A. First take the log out of your own eye.
  - B. If you do, then you can see clearly.
    - Then you can help others remove specks.
  - C. Never be afraid to model repentance in front of us.
  - D. The Good News you offer is more valuable than the rarest pearl.

- II. Nurture your relationship with God.
  - A. Pursue God. (Ask. Seek. Knock.)
    - Pursuing God isn't for leftovers.
  - B. The invitation to pursue God comes with promises.
    - Everyone who seeks Him, finds Him...
    - Because we have a good Heavenly Father.

- III. Again, nurture our relationships with others.
- A. Your relationship with Dayspringers will grow in value.
  - B. Whatever you wish others would do to you, do also for them.
  - C. It's all about relationships.

The world around us will know we're  
Jesus Followers by watching how  
we love each other.
